“Godliness” defined:

õeusebeiaö (yoo-seb-i-ah)...

***A compound word meaning õwell devoutö;
õPiety, characterized by a Godward attitude,
that does that which is pleasing to Him.ö***

Piety: õDutiful conduct; devotion to religious duties and practices.ö

Signifies sacred awe and describes reverence exhibited in actions.

Green: õGodliness refers to a very practical awareness of God in every aspect of life.ö

Barclay: õIt refers to the awe in the presence of God and the obedience that befits that reverence.ö

Swindoll: õGodliness is not skin deep. No, it is something below the surface of life, deep down in the realm of an attitude toward God Himself. The person who is Godly is one whose heart is sensitive toward God – it’s someone who takes God seriously.ö

Me: õInward reverence towards God which results in outwardly visible religious practices.ö
