He Gets Us.

## Who do you believe Jesus is?

---

We believe there is something in the story of Jesus for everyone.

That's why fans of the campaign and those working on it include people who are curious about this man and his story and want to explore it for themselves, those reconstructing their faith, and those who believe in their hearts that Jesus Christ is the son of God. All of us work together relentlessly to share the transformative power that unconditional love, forgiveness, and sacrificial generosity have to change us, our families, our communities, and our country.

It wouldn't be hard to guess that many of those backing the campaign believe that Jesus is who the Bible says he is. He Gets Us is an initiative of Come Near Inc., a nonprofit organization committed to sharing the life and love of Jesus, that believes Jesus was human and divine, he rose from the dead, and more. No matter who you are and what you believe, we're glad you're here.
